I LIKE SURFING IN INTERNET.

I like surfing the net because I can download documents, play games and sports. I have used the internet in order to find out information about school works and hobbies. I have discovered many interesting topics and discoveries in it. I have read some books and stories in internet, if you read one and then you want to read more and more, they are funny, so I have given much importance in my life.

I think the internet is fantastic, for example if you want to watch movies or to listen to rock music for example, you should click on [www.rock music .com](http://www.rockmusic.com). I have found in pages what I want to watch or to listen.

¡Wow, the internet is fantastic!

In many opportunities I have used it to develop some task or to search for more explanations about any topic.

I suggest you to use the internet to advance in your knowledges about all the subjects, it is a good help to every body.
